WEBSITE PROJECT PROPOSAL: MASHADI'S BRAIDS

MASHADI'S BRAIDS

Brief history of the organization

Mashadi's Braids is a small hair-braiding business that provides professional and affordable hair-braiding services to customers. The business focuses on creating neat, stylish, and long–lasting hairstyles while providing customers with comfort and friendly.

The business was established to provide convenient hair-braiding services to people who want quality hairstyles without having to visit large commercial salons. Mashadi's braids aim to build a loyal customer base through good customer services, quality workmanship, and affordable prices.

As the business grows, an online presence will help Mashadi,s Braids reach more customers, display its hairstyles and make it easier for customers to enquire about services and make appointments.

Mission statement

The mission of Mashadi's Braids is to provide customers with affordable, professional, and stylish hair-braiding services while ensuring excellent customer service and customer satisfaction.

Vision statements

The vision of Mashadi's Braids is to become a trusted and recognized local hair-braiding business known for quality hairstyles, professional services and convenient online booking.

Target audience

The main target includes:

- Women and girls looking for professional braiding services.

- Students who want affordable and fashionable hairstyles.
- Young professionals looking for neat and stylish hairstyles
- Existing customers who need an easy way to view and make appointments.

Website goals and objectives

The main goal of the Mashadi's braids website is to create a professional online presence for the business and make it easier for potential and existing customers to access information about the services.

The website will aim to:

- Promote Mahadi's Braids and its hair braiding services
- Display examples pf hairstyles offered by the business
- Provide customers with information about available services and prices
- Allow customers to submit appointments requests

Current website analysis

Mashadi's Braids is a small business and does not currently have a dedicated professional website. Therefore, there is no existing website to evaluate. However, the absence of a website creates an opportunity for the business to establish a professional online presence.

Without a dedicated website:

- Customers may have difficulty finding information about the business
- Customers may have to contact the owner directly to ask about services and prices
- Customers may not have an organized way to view hairstyles
- Appointment enquires may be difficult to manage

Areas for improvement

- A professional homepage
- A services and pricing section
- A gallery of hairstyles

- Contact information
- Business information
- Appointment request functionality
- Links to social media platforms

Proposed website features and functionality

- **Homepage**

This page will introduce Mashadi's Braids and create a strong first impression.

It will include:

- Business name and logo
- A welcoming headline “Beautiful Braids. Confident You”
- High-quality hairstyles images
- Short introduction of the business
- “Book an appointment” button
- Contact/WhatsApp button
- Navigation menu

- **About Us Page**

The About us page will provide information about Mashadi's Braids.

- History of the business
- Mission and vision
- Information about the braiding service
- Professional photographs where appropriate

- **Services Page**

The services page will show the different hairstyles offered.

- Goddess knotless braids
- Knotless braids
- French curls
- Knotless twist

- **Gallery page**

The gallery will display photographs of hairstyles completed by Mashadi's Braids.

- View examples of previous work
- Choose a hairstyle
- Compare different styles
- Gain confidence on a quality of the service

- **Booking/Appointment page**

The booking page will allow customers to submit an appointment request.

- Customer name
- Phone number
- Email address
- Preferred hairstyle
- Preferred appointment date
- Preferred time
- Additional message

- **Contact Page**

The contact page will provide customers with ways to communicate with Mashadi's Braids.

- Phone number
- WhatsApp contact
- Email address
- Business location or service area
- Business hours
- Social media links

Design and User Experience

The website will have a modern, clean and feminine design that represents the beauty and professionalism of Mashadi's Braids.

Colour Scheme

The proposed colour palette will consist of:

- Pink– Luxury and Quality.
- Cream/Beige – warmth and simplicity.
- White – cleanliness and readability.

The colours will be used consistently throughout the website.

Typography

The website will use two complementary fonts.

Heading Font

A stylish font such as Playfair Display can be used for headings and the business name.

Body Font

A clean font such as Poppins can be used for paragraphs, buttons and general information.

The typography will create a balance between elegance and readability.

The typography will create a balance between elegance and readability.

Layout and Design

The website will use a clean and simple layout.

The navigation menu will contain:

Home | About Us | Services | Gallery | Book Appointment | Contact

Important buttons such as “Book Now” will be clearly visible.

Large, high-quality images will be used to showcase hairstyles.

User Experience Considerations

The website will be designed with the following user experience principles:

- Simple navigation.
- Clear headings.
- Easy-to-read text.
- Consistent colours.
- Clear booking buttons.
- Fast-loading images.
- Mobile-friendly design.
- Accessible colour contrast.
- Forms that are easy to complete.
- Clear contact information.

Because many customers are likely to access the website using smartphones, the website will be designed using a responsive layout.

Conclusion

The proposed Mashadi’s Braids website will provide the business with a professional online presence and make it easier for customers to discover its services, view hairstyle examples, and request appointments.

The website will focus on a clean and attractive design, simple navigation, mobile responsiveness, and convenient customer communication. The proposed features, including the service catalogue, gallery, appointment form and contact information, will support the growth of Mashadi's Braids while providing customers with a convenient way to interact with the business.

The project will also provide a foundation for future improvements, such as online payments, customer accounts, automated appointment confirmations, and an online booking calendar.
